

FORECLOSURE SALES

Foreclosure sales are often considered invalid sales, and not applicable to use when adjusting AV to market value. But, with the recent increase in foreclosure sales, specific guidelines have been established by the Michigan Department of Treasury to determine if they can be considered arms length transactions and included in Assessed Value (AV) setting sales studies. See the following link for more details:

http://www.michigan.gov/documents/treasury/Bulletin6of2007_205860_7.pdf

MARCH BOARD OF REVIEW & POVERTY EXEMPTIONS

If you believe the Assessed Value is more than half the value of your property or if you believe you qualify for a poverty exemption, you may appeal the Assessed and/or Taxable Values at the March Board of Review. You can obtain information about the specific meeting dates and schedule an appearance with the Board of Review by contacting your local assessing office. More information regarding the appeals process can be found at:

http://www.oakgov.com/mgtbud/equal/Pages/how_do_i/how_do_i.aspx

- READ YOUR NOTICE FOR DATES/TIMES OF THE MARCH BOARD OF REVIEW.
- 211.7u Poverty Exemptions - Check with your local assessor for poverty guidelines

HOW ARE PROPERTY TAXES CALCULATED?

Property Taxes = Taxable Value / 1,000 x Your Local Millage Rate

*The Inflation Rate Multiplier is determined annually by the State Tax Commission. A 1.016 multiplier (1.6% increase) has been used in the following examples.

https://www.michigan.gov/documents/treasury/2013Bulletin13InflationRateMultiplier2014_439039_7.pdf

EXAMPLES

-The following is a compilation of various assessment scenarios that could be similar to your particular situation-

You Purchased a New Home

Last year, you purchased a new home valued at \$200,000 (true cash value) with Assessed Value (AV) and State Equalized Value (SEV) both at \$100,000, and a Taxable Value (TV) of \$80,000.

A study of sales in the neighborhood shows the true cash value of the property has decreased to \$180,000 for the current year.

Current Year:
Assessed Value (AV) is (1/2 of \$180,000)\$90,000
SEV (tentative) is.....\$90,000

Value is "uncapped" the year following an ownership transfer (sale) of a property, the Taxable Value will be the same as the State Equalized Value.

Taxable Value (TV) is.....\$90,000

You Added a Family Room to Your Home

Last year, your home valued at \$200,000 had a \$100,000 SEV, and a Taxable Value (TV) of \$80,000. You added a family room addition valued at \$40,000 (true cash value).

A study of sales in the neighborhood shows the true cash value of your property (with the addition) has increased to \$240,000.

Current Year:
Assessed Value (AV) is (1/2 of 240,000).....\$120,000
SEV (tentative) is.....\$120,000
Capped Value (CV) is
[(\$80,000 x 1.016)* + 50% of 40,000].....\$101,280
Taxable Value, the lesser of SEV or CV, is.....\$101,280

You Made No Changes to Your Property

Increased SEV/TV Increase

Last year, your home valued at \$200,000 (true cash value) had a \$100,000 State Equalized Value (SEV), and a Taxable Value (TV) of \$80,000.

A study of sales in the neighborhood shows the true cash value of your property has increased to \$220,000 for the current year.

Current Year:
Assessed Value (AV) is (1/2 of \$220,000).....\$110,000
SEV (tentative) is.....\$110,000
Capped Value (CV) is (\$80,000 x 1.016)*.....\$81,280

Taxable Value, the lesser of SEV or CV, is.....\$81,280

Decreased SEV/TV Decrease

Last year, your home valued at \$180,000 (true cash value) had a \$90,000 State Equalized Value (SEV), and a Taxable Value (TV) of \$80,000.

A study of sales in the neighborhood shows the true cash value of your property has decreased to \$150,000 for the current year.

Current Year:
Assessed Value (AV) is (1/2 of \$150,000).....\$75,000
SEV (tentative) is.....\$75,000
Capped Value (CV) is (\$80,000 x 1.016)*.....\$81,280
Taxable Value, the lesser of SEV or CV, is.....\$75,000

Decreased SEV/TV Increase

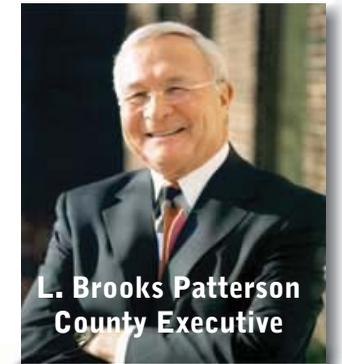

Last year, your home valued at \$200,000 (true cash value) had a \$100,000 State Equalized Value (SEV), and a Taxable Value (TV) of \$80,000.

A study of sales in the neighborhood shows the true cash value of your property has decreased to \$180,000 for the current year.

Current Year:
Assessed Value (AV) is (1/2 of \$180,000).....\$90,000
SEV (tentative) is.....\$90,000
Capped Value (CV) is (\$80,000 x 1.016)*.....\$81,280

Taxable Value, the lesser of SEV or CV, is.....\$81,280

A Guide to your Property Values PROPOSAL "A"

L. Brooks Patterson
County Executive

L. BROOKS PATTERSON
OAKLAND COUNTY EXECUTIVE

WHAT ARE PROPERTY TAXES BASED ON?

On March 15, 1994, Michigan voters approved the constitutional amendment known as Proposal "A".

Prior to Proposal "A" property tax calculations were based on State Equalized Value (SEV).

Proposal "A" established "Taxable Value" (TV) as the basis for the calculation of property taxes.

Increases in Taxable Value (TV) are limited to the percent of change in the rate of inflation or 5%, whichever is less, as long as there were no losses or additions to the property.

The limit on TV does not apply to a property in the year following a transfer of ownership (sale).

WHAT IS ASSESSED VALUE?

The Michigan Constitution requires that property be uniformly assessed and not exceed 50% of the usual selling price, often referred to as True Cash Value. Each tax year, the local assessor determines the Assessed Value (AV) of each parcel of real property based on the condition of the property as of December 31 (Tax Day) of the previous year.

WHAT IS STATE EQUALIZED VALUE (SEV)?

The State Equalized Value (SEV) is the Assessed Value as adjusted following county and state equalization.

The County Board of Commissioners and State Tax Commission must review local assessment jurisdictions and adjust (equalize) them so that they do not exceed 50%.

WHAT IS "CAPPED VALUE"?

"Capped Value" is the value established when the TV of the prior year, with adjustments for additions and losses, is multiplied by the Inflation Rate Multiplier (IRM). The multiplier is capped and cannot be greater than 1.05 (1 + 5%). It represents the change in the rate of inflation during the previous year. The final product is Capped Value (CV).

$$\text{Capped Value} = (\text{Prior TV} - \text{Losses}) \times (\text{IRM})^* + \text{Additions}$$

* Percent of change is the rate of inflation or 5%, whichever is less, expressed as a multiplier

The Capped Value limitation on Taxable Value does not apply if you purchased your home last year.

CALCULATING INFLATION RATE MULTIPLIER

Based on this statutory requirement, the calculation for 2014 is as follows:

1. The 12 monthly values for October 2011 through September 2012 are averaged.
2. The 12 monthly values for October 2012 through September 2013 are averaged.
3. The ratio is calculated by dividing the average of column 2 by the average of column 1.

Oct-11	226.421	Oct-12	231.317
Nov-11	226.230	Nov-12	230.221
Dec-11	225.672	Dec-12	229.601
Jan-12	226.665	Jan-13	230.280
Feb-12	227.663	Feb-13	232.166
Mar-12	229.392	Mar-13	232.773
Apr-12	230.085	Apr-13	232.531
May-12	229.815	May-13	232.945
Jun-12	229.478	Jun-13	233.504
Jul-12	229.104	Jul-13	233.596
Aug-12	230.379	Aug-13	233.877
Sep-12	231.407	Sep-13	234.149
Average	228.526	Average	232.247
	Ratio		1.016
	% Change		1.6%

HOW ARE PROPERTY VALUES DETERMINED?

Market sale transactions for real property are used by Michigan assessors to compare assessed values (AV) with the actual sale prices (market values) for those same properties. Market value can be defined as the most probable price, as of a specific date, where both buyer and seller are knowledgeable and neither is under duress.

The average ratio between the AV and the sale price should be 50%. Since the market for real estate constantly changes, the average ratio actually found will usually not be 50%. Local assessors are required to re-establish the 50% ratio on an annual basis.

NOTICE OF ASSESSMENT

Each year, prior to the March meetings of the local boards of review, informational notices are mailed. The "Notice of Assessment, Taxable Valuation, and Property Classification" also includes State Equalized Value, the percent of exemption as a Principal Residence, Michigan Business Tax, or Qualified Agricultural Property, and if there was or was not a Transfer of Ownership.

WHAT IS A PRINCIPAL RESIDENCE EXEMPTION?

If you own and occupy your home as your principal residence, it may be exempt from a portion of local school operating taxes. On your "Notice of Assessment", review your percentage of principal residence exemption.

To claim an exemption for the current year, you must own and occupy your home and file a "PRE Affidavit" with your city or township by June 1 for the immediately succeeding summer tax levy and all subsequent tax levies or by November 1 for the immediately succeeding winter tax levy and all subsequent tax levies.

WHAT IS "TAXABLE VALUE"?

Taxable Value (TV) is the lesser of State Equalized Value (SEV) or Capped Value (CV) unless the property experienced a Transfer of Ownership in the prior year.

WHAT HAPPENS WHEN YOU PURCHASE A HOME?

When a property, or interest in a property, is transferred, the following year's State Equalized Value (SEV) becomes that year's Taxable Value (TV). In other words, if you purchase property, your Taxable Value for the following year will be the same as the SEV. The Taxable Value will then be "capped" for the second year following the transfer of ownership.

1 Year Sales Study

May be used in declining markets

1 Year Sales Study Timeframe

Oct 1 2012 TO Sept 30 2013

2 Year Sales Study

Shall be used in increasing markets
